

St. Andrews (Hail Hail St. Andrews)

Music by Chuck Berry Words by Darryl Harrison

To the tune of No Particular Place To Go/School Day (Ring Goes The Bell)

**Monday Nights At St. Andrews
The Mecca Of Australian Blues
Kel and Nev well they're real beaut
And Marcus in his Monkey Suit
Everyone's welcome young and old
The Women are hot and the Beer is cold**

**Russ and Greg lob seven o'clock
So get yer arses ready to rock
Owen's beltin' his drums real hard
That's when we can drag 'im from the bar
Sure is a place where you can relax
With Dirty Russ and his wailin' sax**

**Russ's jam nights are real fun
Yer head's on Channel 31
Lot's of regulars come to play
These awesome People blow you away
Every week there's a feature spot
Guaranteed to be shit hot**

**St. Andrews on Monday Nights
You'll see and here shit that'll give you a fright
Original talent that's local and raw
They'll have you cheerin' and hollerin' for more
Don't take it serious what's the point
So crank up the volume and rip this joint**

**Hail Hail St. Andrews
The Mecca of Australian Blues
Long live St. Andrews
So tell your friends and spread the news
Rock Rock St. Andrews
It couldn't happen without all youse**
